ABOUT US

In 2021 I was given the opportunity to start my own superyacht supply company. With a small team, we spent six months reflecting on all that we had learned from 7 years at sea and in the supply chain. We came to realise that the short-term approach of some yacht supply companies was hurting the industry. It was time for a new way of working!

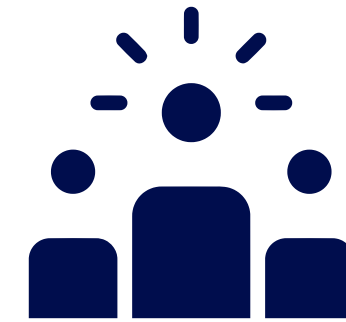

- **We believe that our clients and suppliers are equally as important.**
- **We value our long-term relationships that are built on trust and honesty.**

We know what we are good at and we'll present you with several options depending on the product you're looking for, so you can make the best operational and financial decisions for you and your yacht.

Our satisfaction comes from supplying you with the finest deck equipment from industry leading manufacturers. If the product you are looking for is not listed in this brochure or on our website, the chances are we can still supply it!

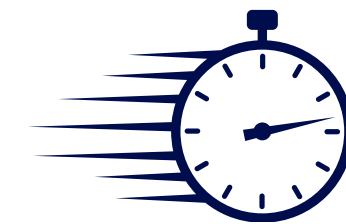

SINGLE POINT OF CONTACT

We'll handle all our deck and bridge supply as well as any procurement requests, saving you time liaising with countless suppliers and manufacturers.

One point of contact for all your Bridge and Deck Equipment!

FIRST-HAND EXPERIENCE

With our industry expertise and product knowledge, we offer extensive experience based advice and knowledge of all deck products.

COST MANAGEMENT

Most importantly, it won't cost you anymore than going direct to the manufacturer. We will pass on any discounts where we can as well.

PROCUREMENT

All boxes will be clearly numbered and labelled using our packing list format.

When your order is ready to deliver, we will consolidate all the items into one consignment.

Order consolidation will reduce your shipping cost as well as the carbon footprint of the entire order.

ORDER CONSOLIDATION

"I wanted to say a huge thank you to you and the team at Polaris Yacht Supply. You guys shine above the rest, particularly with noticeable extra effort and care."

2nd Officer, MY Vibrant Curiosity

85m Oceanco

"We were assigned a new build project and chose Polaris Yacht Supply as our option to supply all deck lines, fenders, fender covers, custom fender hooks as well as pumps and other items.

We are very happy with the final products and would have no hesitation recommending or working again with Polaris Yacht Supply."

Captain, MY Ace (launched 2022)

44m Conrad Shipyard

"It was a pleasure dealing with Polaris Yacht Supply. They were most helpful and knowledgeable when discussing technical matters. We ordered 4.8m Tender Mooring Whips for our Ed Dubois 38m Celtic Spirit and they were seamlessly delivered to our base in Portugal."

Owner, SY Celtic Spirit
